SECTION 1-ENTIRE CONTRACT

SUBCONTRACTOR certifies and agrees that he is fully familiar with all of the terms, conditions and obligations of the Contract Documents, as hereinafter defined, the location of the job site, and the conditions and difficulties under which the work is to be performed, and that he enters into this Agreement based upon his own examination, investigation and evaluation of all of such matters and is in no way relying upon any opinions or representations of CONTRACTOR, or of the Owner, or of any of their respective officers, agents, servants, or employees. Any such opinions or representations, if any, are superceded by this written Agreement. It is agreed that this Agreement represents the entire agreement. It is further agreed that the Contract Documents are incorporated in this Agreement by this reference, with the same force and effect as if the same were set for that length herein, and that SUBCONTRACTOR and his subcontractors will be and are bound by any and all of said Contract Documents insofar as they relate in any part or in any way, directly or indirectly to the work covered by this Agreement. SUBCONTRACTOR agrees to be bound to CONTRACTOR in the same manner and to the same extent as CONTRACTOR is bound to OWNER under the Contract Documents, to the extent of the work provided for in this Agreement, and that where, in the Contract Documents reference is made to CONTRACTOR and the work or specification therein pertains to SUBCONTRACTOR instead of CONTRACTOR. The contract documents are available for examination by SUBCONTRACTOR at all reasonable times at the office of CONTRACTOR. The contract documents include but are not limited to: all plans, specifications, addenda, general conditions, special conditions, the prime contract and wage determinations thereto, from beginning to end (hereinafter collectively referred to as the "Contract Documents"), with the understanding that SUBCONTRACTOR'S portion of the work may be indicated throughout different parts of the contract documents, it being the prime purpose of this Agreement to provide for SUBCONTRACTOR'S performance and completion of its entire portion of the work no matter where in the plans it is referenced. The phrase "Contract Documents" is further defined to mean and include: CONTRACTOR'S prime contract and all components thereof, including but not limited to, all plans, specifications, addenda, general conditions and wage determinations.

SECTION 2-SCOPE

SUBCONTRACTOR agrees to furnish all labor, services, materials, installation, cartage, hoisting, supplies, insurance, equipment, scaffolding, tools and other facilities of every kind and description required for the prompt and efficient execution of the work described here in and to perform the work necessary or incidental to complete all work listed in Contract Documents which include but are not limited to, Standard Subcontract Form, General Subcontract Provisions, Attachments A, A.1, B, C, D, E, F, G, Booklets 1-6, Plans and Specifications, All Addenda, All Modifications & other information issued (including Supplemental Instructions).

SECTION 3-CONTRACT PRICE

Reference: Attachment A.1 of this Agreement.

SECTION 4-PAYMENT SCHEDULE

CONTRACTOR agrees to pay SUBCONTRACTOR, out of funds received from the Owner, in monthly payments of 90% of labor and materials which have been completed by SUBCONTRACTOR and accepted by the Owner and for which payment has been made by OWNER to CONTRACTOR. The remaining 10% shall be retained by CONTRACTOR until he receives final payment from OWNER, but not less than thirty-five days after the entire work required by the prime contract has been fully completed in conformity with the Contract Documents and has been delivered and accepted by OWNER, ARCHITECT, and CONTRACTOR. Subject to the provisions of the next sentence, the retained percentage shall be paid SUBCONTRACTOR promptly after CONTRACTOR receives his final payment from OWNER. SUBCONTRACTOR agrees to furnish, if and when required by CONTRACTOR, payroll affidavits, receipts, vouchers, releases of claims for labor, material and subcontractors performing work or furnishing materials under this Agreement, all in form satisfactory to CONTRACTOR, and it is agreed that no payment hereunder shall be made, except at CONTRACTOR'S option, until and unless such payroll affidavits, receipts, vouchers or releases, or any or all of them, have been furnished.

It is specifically understood by SUBCONTRACTOR that as a material inducement and consideration for the award of this Subcontract by CONTRACTOR is SUBCONTRACTOR'S agreement that it will not look to CONTRACTOR or its surety, or to the Project premises itself, for payments hereunder unless and until the CONTRACTOR has received payment for SUBCONTRACTOR'S work from the OWNER and further, that receipt by the CONTRACTOR of said payment from the OWNER shall be a specific condition precedent to SUBCONTRACTOR'S right to payment by CONTRACTOR or its surety, regardless of the reason for any nonpayment by OWNER, including but without limitation, OWNER'S unwillingness or inability to pay, all of which risks SUBCONTRACTOR specifically assumes for the consideration set forth herein,

It is understood and agreed that no payment on account to SUBCONTRACTOR shall constitute an acceptance or approval of any labor or material theretofore performed or furnish by SUBCONTRACTOR; nor shall any filing of notice of completion or occupancy

of the building in whole or in part constitute an acceptance or approval by CONTRACTOR in whole or in part of the work or waiver of any claims or backcharges by CONTRACTOR against SUBCONTRACTOR.

It is understood and agreed that SUBCONTRACTOR's acceptance of final payment hereunder shall release CONTRACTOR from all claims, liability, damages, causes or action, attorney fees, costs and interest related to or arising out of this Agreement or the Project, and shall constitute a release and waiver of SUBCONTRACTOR's rights against CONTRACTOR and Owner, not withstanding Section 1542 of the Civil Code of California. Section 1542 of the Civil Code of California states that: "A general release does not extend to claims which the creditor does not know or suspect to exist in his favor at the time of executing the release, which if known by him may have materially affected his settlement with the debtor". SUBCONTRACTOR waives all benefit of Section 1542 of the California Civil Code and waives all benefit of all similar laws of other States in which Agreement is performed.

CONTRACTOR reserves the right to make payment by joint check or by direct check to SUBCONTRACTOR's material-men, sub-subcontractors, or any person who has a right of action against CONTRACTOR or CONTRACTOR's surety under any law. CONTRACTOR shall be entitled to exercise its reasonable discretion in determining the amount and manner of payment as long as said determination is in accordance with all terms and conditions of this Agreement and applicable law and regulations.

All changes, additions or omissions in the Work ordered in writing by CONTRACTOR shall be deemed to be a part of the Work hereunder and shall be performed and furnished in strict accordance with all of the terms and provisions of this Agreement and the other Contract Documents. SUBCONTRACTOR accepts the responsibility to keep its surety, if any, informed of all such modifications to its contract. The obligations of SUBCONTRACTOR and SUBCONTRACTOR'S Surety, if any, shall not be reduced, waived or adversely affected by the issuance of such change orders, additions or deductions even if SUBCONTRACTOR fails to inform Surety of same and CONTRACTOR shall not be required to obtain consent of the Surety to such modifications.

It shall be SUBCONTRACTOR'S obligation to conform to CONTRACTOR'S progress schedule, subject to CONTRACTOR'S modification, which is incorporated herein by this reference and made a part hereof. SUBCONTRACTOR shall prepare and obtain approval as required by the Contract Documents for all shop drawings, details, samples, and do all other things necessary and incidental to the prosecution of his work in conformance with the progress schedule. If, in the opinion of the CONTRACTOR, the SUBCONTRACTOR falls behind in the progress of the work, the CONTRACTOR may direct the SUBCONTRACTOR to take such steps as the CONTRACTOR deems necessary to improve the rate of progress, including, without limitations, requiring the SUBCONTRACTOR to increase the number of shifts, personnel, overtime operations, days of work, equipment, or other remedies without additional cost to the CONTRACTOR. CONTRACTOR may require SUBCONTRACTOR to prosecute, in preference to other parts of work, such part or parts of the work as CONTRACTOR may specify.

E. CHANGES IN THE WORK—SUBCONTRACTOR hereby agrees to make any and all changes, furnish the materials and perform the work that CONTRACTOR may require without nullifying this Agreement, at a reasonable addition to, or reduction from the Contract Price stated herein, and pro-rata to the same. All clauses of this contract shall apply to any changes or extras in a like manner and to the same extent as though said changes or extras were incorporated herein. SUBCONTRACTOR shall adhere strictly to the plans and specifications unless a change therefrom is authorized in writing. The decision of CONTRACTOR and the Owner's Representative as to the true construction, meaning and intent of the Plans and Specifications shall be final and binding upon SUBCONTRACTOR. Under no conditions shall SUBCONTRACTOR make any changes, either as additions or deductions, without the written order of the, CONTRACTOR and CONTRACTOR shall not pay any extra charges made by the SUBCONTRACTOR that have not been agreed upon in writing by CONTRACTOR: and, in no event, shall CONTRACTOR make payment for any such extra charges unless and until the CONTRACTOR itself receives payment from OWNER. Unless filed within those specified periods of time, CONTRACTOR shall have the right to consider the claim waived by SUBCONTRACTOR without any further recourse to CONTRACTOR, its Surety or against OWNER.

If the SUBCONTRACTOR initiates a substitution, deviation or change in the work which affects the scope of the work or the expense of other trades, SUBCONTRACTOR shall be liable for the expense thereof.

No change, alteration or modification in or deviations from this Agreement or the plans or specifications, whether made in the manner herein provided or not, shall release or exonerate, in whole or in part any surety on any bond given in connection with this Agreement and neither OWNER nor CONTRACTOR shall be under any obligation to notify the surety or sureties of any such change.

F. DAMAGES CAUSED BY DELAYS—Should the SUBCONTRACTOR be in default in the proper performance of his work, thereby causing delay to the CONTRACTOR or to any other SUBCONTRACTOR working on this project, the SUBCONTRACTOR shall be liable for any and all loss and damages (direct and indirect) so sustained, including claims by other SUBCONTRACTORS against CONTRACTOR and/or claims or backcharges by OWNER against CONTRACTOR including, but not limited to, any liquidated damages. Such damages shall also include CONTRACTOR'S field and main office overhead charge to the work.

G. LIENS—Subcontractor shall at all times indemnify and save CONTRACTOR and OWNER harmless against all liability for claims and liens for labor performed or materials used or furnished to be used on the job, including any costs and expenses for attorney's fees and all incidental or consequential damages resulting to CONTRACTOR or OWNER from such claims or liens. Further in case suit on such claims is brought, SUBCONTRACTOR shall defend said suit at his own cost and expense, and will pay and satisfy any such lien or judgment as may be established by the decision of the court in said suit. SUBCONTRACTOR agrees within ten (10) days after written demand to cause the effect of any claim, suit or lien to be removed from the premises, and in the event SUBCONTRACTOR shall fail to do so, CONTRACTOR is authorized to use whatever means in its discretion it may deem appropriate to cause said claim, lien or suit to be removed or dismissed and the cost thereof, together with reasonable attorney fees, shall be immediately due and payable to CONTRACTOR by SUBCONTRACTOR. SUBCONTRACTOR may litigate any such claim, lien or suit provided he causes the effect thereof to be removed, promptly, in advance, from the premises, and/or SUBCONTRACTOR'S surety shall further do such things as may be necessary to cause OWNER not to withhold any monies due to CONTRACTOR from OWNER by reason of such claim, liens or suits. It is understood and agreed that the full and faithful performance of the Agreement on the part of the SUBCONTRACTOR (including the payment of any obligator or materialmen furnishing labor or material for said work) is a condition precedent to SUBCONTRACTOR'S right to receive payment for the work performed, and any monies paid by CONTRACTOR to SUBCONTRACTOR under the terms of this Agreement shall be impressed with a trust in favor of labor and materialmen furnishing labor and material to SUBCONTRACTOR on the work herein sub-contracted. SUBCONTRACTOR agrees that, upon CONTRACTOR'S request, it shall furnish such information, evidence and substantiation as CONTRACTOR may require with respect to the nature and extent of all obligations incurred by SUBCONTRACTOR for or in connection with the Work, all payments made by SUBCONTRACTOR thereon, and the amounts remaining unpaid, to whom and the reasons therefore.

H. RECOURSE BY CONTRACTOR—In the event that SUBCONTRACTOR at any time refuses or neglects to supply a sufficient number of properly skilled workmen or a sufficient quantity of materials of proper quality, or be adjudicated as bankrupt, or files an arrangement proceeding, or commits any act of insolvency, or makes an assignment for benefit of creditors without CONTRACTOR'S consent, or fails to make prompt payment to his materialmen and laborers or fails in any respect to properly and diligently prosecute the work covered by this Agreement, or becomes delinquent with respect to contributions or payments required to be made to any Health and Welfare, Pension, Vacation, Apprenticeship, or other employee benefit program or trust, or fails to fulfill any of the provisions of these General Subcontract Provisions by him to be performed, or otherwise fails to perform fully any and all of the agreements herein contained, CONTRACTOR may, at his option, after giving forty-eight (48) hours written notice to SUBCONTRACTOR, (1) provide any such labor and materials as may be necessary and deduct the cost thereof including a markup of 15% General Overhead and 10% Profit, from any money then due or thereafter to become due to the SUBCONTRACTOR under this Agreement; or (2) CONTRACTOR may, at his option, terminate SUBCONTRACTOR'S right to proceed with the work, and, in that event, CONTRACTOR shall have the right to enter upon the premises of the project and take possession for the purpose of completing the work included under this Agreement, of all materials, tools, and appliances of SUBCONTRACTOR, and may employ any other person or persons to finish the work and provide the materials therefore. In case of such termination of SUBCONTRACTOR'S right to proceed with the work, said SUBCONTRACTOR shall not be entitled to receive any further payment under this Agreement until the work undertaken by CONTRACTOR in his prime contract is completely finished. Following supplementation or termination pursuant to this Section H, if the unpaid balance of the amount to be paid under this Agreement exceeds the expenses incurred by CONTRACTOR in finishing SUBCONTRACTOR'S work, such excess shall be paid by CONTRACTOR to SUBCONTRACTOR but if such expense shall exceed such unpaid balance, then SUBCONTRACTOR shall promptly pay to CONTRACTOR the amount by which such expense exceeds such unpaid balance. The expense referred to in the last sentence shall include expenses incurred by CONTRACTOR for furnishing materials for finishing the work, and any damages sustained by CONTRACTOR by reason of SUBCONTRACTOR'S default, plus a markup of 15% General Overhead and 10% Profit on any and all of such expenses, and CONTRACTOR shall have a lien upon all materials, tools, and appliances taken possession of, as aforesaid, to secure the payment thereof. The notice referred to in this paragraph will be sufficient and complete when faxed or mailed to SUBCONTRACTOR at his address as shown in the Agreement.

CONTRACTOR may withhold, or on account of subsequently discovered evidence, nullify the whole or a part of any payment under SECTION 4 to such extent as may be necessary to protect CONTRACTOR from loss, on account of (1) defective work not remedied; (2) claims filed or reasonable evidence indicating probable filing of claim, (3) failure of SUBCONTRACTOR to make payments properly to his SUBCONTRACTORS or for material, labor, or for fringe benefits; (4) a reasonable doubt that this Agreement can be completed for the balance then unpaid; (5) damage to another SUBCONTRACTOR.

When the above grounds are removed, such amounts as are then due and owing shall be paid or credited to SUBCONTRACTOR.

When any moneys are expended or costs or expenses are incurred by CONTRACTOR on behalf of or on account of SUBCONTRACTOR, which SUBCONTRACTOR should have paid, which SUBCONTRACTOR is required to reimburse CONTRACTOR, or if CONTRACTOR continues or completes the work after default by SUBCONTRACTOR, SUBCONTRACTOR shall pay to CONTRACTOR interest at the maximum rate allowed by law per annum from the time said moneys are expended or said cost or expenses are incurred until the same are paid to CONTRACTOR by SUBCONTRACTOR. Nothing herein contained shall be construed as requiring CONTRACTOR to make any such expenditure, advance any such moneys, or incur any such expenses.

I. TERMINATION OF AGREEMENT—In the event the prime contract is terminated prior to its completion, SUBCONTRACTOR shall be entitled only to payment for the work actually completed by it at the pro rata of the price herein set forth unless CONTRACTOR itself receives additional compensation of damages on account of such terminations in which event, SUBCONTRACTOR shall be entitled to such proportion of the additional compensation on damages actually received as is equitable under all of circumstances. Nothing herein contained shall require CONTRACTOR to make any claim against OWNER for such additional compensation or damages in the event of termination before completion, and it is specifically agreed that the failure of CONTRACTOR to prosecute any such claim against OWNER shall not entitle SUBCONTRACTOR to any claim for additional compensation or damages against CONTRACTOR.

Notwithstanding the preceding paragraph, CONTRACTOR reserves the absolute right to terminate this Agreement. In the event of termination without cause, SUBCONTRACTOR shall be entitled to payment only as follows:

1. Cost of the work actually completed in conformity with this Agreement; plus
2. Other costs actually incurred by SUBCONTRACTOR; plus
3. 5% of costs referred to in Paragraph 1 above, for overhead and profit. There shall be deducted from such sums as provided in this paragraph the amount of any payments made to SUBCONTRACTOR prior to the date of termination of this Agreement. SUBCONTRACTOR shall not be entitled to any claim of lien, against CONTRACTOR or against OWNER for any additional compensation of damages in the event of such termination and payment.

In the event this Agreement is terminated for cause, SUBCONTRACTOR shall not be entitled to receive any further payment until the work undertaken by CONTRACTOR in his prime contract is completely finished. At that time, if the amounts earned but not paid SUBCONTRACTOR before said termination exceed the expenses incurred by CONTRACTOR in finishing SUBCONTRACTOR'S work, any excess shall be paid by CONTRACTOR to SUBCONTRACTOR; but if such expense shall exceed the said amount earned and unpaid, SUBCONTRACTOR shall promptly pay to CONTRACTOR the amount by which the expense exceeds said sum. The expense incurred by CONTRACTOR as just referred to, shall include CONTRACTOR'S expense for furnishing materials, for finishing the work, and any damages incurred by CONTRACTOR by reason of SUBCONTRACTOR'S DEFAULT. Such damages shall also include CONTRACTOR'S field and main office overhead charge to the work.

J. LABOR RELATIONS—SUBCONTRACTOR shall employ labor under conditions which are satisfactory to CONTRACTOR. SUBCONTRACTOR shall keep a representative at the job site during all times when SUBCONTRACTOR'S work is in progress. Such representative shall be authorized to receive orders and have full authority to make decisions regarding SUBCONTRACTOR'S work. Before starting work, SUBCONTRACTOR shall notify CONTRACTOR who the new representative is to be before such change. The SUBCONTRACTOR shall provide the CONTRACTOR the names and emergency or home telephone numbers of the corporate or company officer, general superintendent.

Prior to the commencement of its work, SUBCONTRACTOR shall notify CONTRACTOR of the collective bargaining agreement to which it is signatory, and shall provide a copy of all such agreements within twenty-four (24) hours of a request by CONTRACTOR. SUBCONTRACTOR shall provide CONTRACTOR with at least (30) days' notice of the anticipated expiration of each collective bargaining agreement. If SUBCONTRACTOR enters into subsequent or new collective bargaining agreements with any union during the course of this project, it will notify CONTRACTOR.

SUBCONTRACTOR warrants that, with respect to any work covered by this Agreement, it and its sub-CONTRACTORS, visitors, and suppliers will at all times comply fully with the provisions of any collective bargaining agreement and related trust agreements to which it or they are bound.

Strikes (including any sympathy strikes), picketing or any other stoppage of work by employees performing work on, or delivery of materials to, the job site shall not excuse any delay of the SUBCONTRACTOR, regardless of whether the strike, picketing, or other work stoppage is attributed to union action or the decision of an individual employee.

Notwithstanding any other provision of this Agreement, CONTRACTOR reserves the absolute right to terminate this Agreement upon twenty-four (24) hours written notice if, due to a labor dispute, there is an interruption in SUBCONTRACTOR'S work performance. Interruption in SUBCONTRACTOR'S work performance includes, but is not limited to, SUBCONTRACTOR'S unwillingness or inability to continue performance of its work, or if SUBCONTRACTOR is unwilling or unable to provide qualified workers. Labor dispute includes, but is not limited to, any disputes between a union and any other entity resulting in a work stoppage, work slowdown, or interruption of delivery of materials.

K. LAYOUT RESPONSIBILITY-CONTRACTOR shall establish principal axis lines and levels whereupon SUBCONTRACTOR shall lay out and shall be strictly responsible for the accuracy of his work and for any loss or damage to other CONTRACTORS engaged in work on the site by reason of failure of SUBCONTRACTOR to set out or perform his work correctly. SUBCONTRACTOR shall exercise prudence so that actual final conditions and details shall result in perfect alignment of finish surfaces. Notwithstanding the dimensions on the Plans, Specifications and other Contract Documents, it shall be the obligation and responsibility of SUBCONTRACTOR to take such measurements as will ensure the proper matching and fitting of the Work covered by this Agreement with contiguous work. SUBCONTRACTOR'S failure to promptly report in writing to CONTRACTOR any alleged defects in any work performed by others in, on, or adjacent to the area in which SUBCONTRACTOR is to perform his work will be deemed acknowledgement by SUBCONTRACTOR that such other work is fit and proper for the reception, attachment or covering by SUBCONTRACTOR, and thereafter no alleged defects in such work by others may be asserted by SUBCONTRACTOR to justify any failure to perform on his part.

L. WORKMANSHIP-

a. SUBCONTRACTOR agrees and warrants that all of its Work: (a) will conform with the terms of the Contract Documents; (b) will be performed in a good, skillful, and workmanlike manner; (c) will be performed by the proper number of experienced, skilled, and licensed personnel, qualified by education and/or experience to perform their assigned tasks; and (d) to the extent professional services are rendered, will conform to the standard of care, skill, and diligence exercised by other similar professionals performing the same or similar services.

b. SUBCONTRACTOR shall furnish competent, skilled employees experienced in the type of Work to be performed. SUBCONTRACTOR shall provide equipment, material and personnel fully capable of performing immediate first line emergency, accident and spill response activities. Subcontractor shall, when requested by CONTRACTOR, promptly remove any person considered by CONTRACTOR to be incompetent, unsatisfactory, or undesirable.

c. SUBCONTRACTOR shall be responsible for professional certification of any applicable drawings, specifications, or schematics. SUBCONTRACTOR shall have their professional design engineer or subcontracted professional design engineer certify and approve all design documents.

d. In addition to other warranties contained in the Contract Documents, SUBCONTRACTOR warrants that every part of the work herein described shall be executed in strict accordance with the Contract Documents in the most sound, workmanlike, and substantial manner. All workmanship shall be of the best of its several kinds, and all material used in the work herein described shall be furnished in ample quantities to facilitate the proper and expeditious execution of the work and shall be new and the best of their respective kinds, except such materials as may be expressly provided in the Contract Documents to be otherwise.

M. PROVISION FOR INSPECTION-SUBCONTRACTORS shall furnish to CONTRACTOR and its representative ample facilities at all times for inspecting materials at the site of construction, at the shops, or any place where materials under this Agreement may be in course of preparation, process, manufacture or treatment. SUBCONTRACTOR shall further furnish to CONTRACTOR as often as required, full reports of the progress of the work at any place where materials under this Agreement may be in the course of preparation or manufacture, said reports to show the progress of such preparation and manufacture in such details as may be required by CONTRACTOR, including any plans, drawings, or diagrams in course of preparation. CONTRACTOR and/or OWNER may have a full or part time quality control individual or inspector on the site or may conduct inspections of all or any part of the work at various times. Any such person or inspection shall not relieve or diminish in any way SUBCONTRACTOR'S responsibility for ensuring that its portion of the work is in full and complete compliance with the Contract Documents and approved by OWNER. FEDERAL LABOR CODE REQUIREMENTS

52.222-6 -- Davis-Bacon Act.

Davis-Bacon Act (May 2014)

(a) Definition.—“Site of the work”—

(1) Means—

(i) The primary site of the work. The physical place or places where the construction called for in the contract will remain when work on it is completed; and

(ii) The secondary site of the work, if any. Any other site where a significant portion of the building or work is constructed, provided that such site is—

(A) Located in the United States; and

(B) Established specifically for the performance of the contract or project;

(2) Except as provided in paragraph (3) of this definition, includes any fabrication plants, mobile factories, batch plants, borrow pits, job headquarters, tool yards, etc., provided—

(i) They are dedicated exclusively, or nearly so, to performance of the contract or project; and

(ii) They are adjacent or virtually adjacent to the “primary site of the work” as defined in paragraph (a)(1)(i), or the “secondary site of the work” as defined in paragraph (a)(1)(ii) of this definition;

(3) Does not include permanent home offices, branch plant establishments, fabrication plants, or tool yards of a Contractor or subcontractor whose locations and continuance in operation are determined wholly without regard to a particular Federal contract or project. In addition, fabrication plants, batch plants, borrow pits, job headquarters, yards, etc., of a commercial or material supplier which are established by a supplier of materials for the project before opening of bids and not on the Project site, are not included in the “site of the work.” Such permanent, previously established facilities are not a part of the “site of the work” even if the operations for a period of time may be dedicated exclusively or nearly so, to the performance of a contract.

(b)(1) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, or as may be incorporated for a secondary site of the work, regardless of any contractual relationship which may be alleged to exist between the Contractor and such laborers and mechanics. Any wage determination incorporated for a secondary site of the work shall be effective from the first day on which work under the contract was performed at that site and shall be incorporated without any adjustment in contract price or estimated cost. Laborers employed by the construction Contractor or construction subcontractor that are transporting portions of the building or work between the secondary site of the work and the primary site of the work shall be paid in accordance with the wage determination applicable to the primary site of the work.

(2) Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Construction Wage Rate Requirements statute on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (e) of this clause; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such period.

(3) Such laborers and mechanics shall be paid not less than the appropriate wage rate and fringe benefits in the wage determination for the classification of work actually performed, without regard to skill, except as provided in the clause entitled Apprentices and Trainees. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein; provided that the employer’s payroll records accurately set forth the time spent in each classification in which work is performed.

(4) The wage determination (including any additional classifications and wage rates conformed under paragraph (c) of this clause) and the Construction Wage Rate Requirements (Davis-Bacon Act) poster (WH-1321) shall be posted at all times by the Contractor and its subcontractors at the primary site of the work and the secondary site of the work, if any, in a prominent and accessible place where it can be easily seen by the workers.

(c)(1) The Contracting Officer shall require that any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The Contracting Officer shall approve an additional classification and wage rate and fringe benefits therefor only when all the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination.

(ii) The classification is utilized in the area by the construction industry.

(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) If the Contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the Contracting Officer agree on the classification and wage rate (including the amount designated for fringe benefits, where appropriate), a report of the action taken shall be sent by the Contracting Officer to the Administrator of the:

Wage and Hour Division
Employment Standards Administration
U.S. Department of Labor
Washington, DC 20210

The Administrator or an authorized representative will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the Contracting Officer or will notify the Contracting Officer within the 30-day period that additional time is necessary.

(3) In the event the Contractor, the laborers or mechanics to be employed in the classification, or their representatives, and the Contracting Officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the Contracting Officer shall refer the questions, including the views of all interested parties and the recommendation of the Contracting Officer, to the Administrator of the Wage and Hour Division for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the Contracting Officer or will notify the Contracting Officer within the 30-day period that additional time is necessary.

(4) The wage rate (including fringe benefits, where appropriate) determined pursuant to paragraphs (c)(2) and (c)(3) of this clause shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(d) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(e) If the Contractor does not make payments to a trustee or other third person, the Contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program; provided, That the Secretary of Labor has found, upon the written request of the Contractor, that the applicable standards of the Construction Wage Rate Requirements statute have been met. The Secretary of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(End of clause)

52.222-7 Withholding of Funds.

As prescribed in [22.407\(a\)](#), insert the following clause:

WITHHOLDING OF FUNDS (MAY 2014)

The Contracting Officer shall, upon his or her own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the Contractor under this contract or any other Federal contract with the same Prime Contractor, or any other federally assisted contract subject to prevailing wage requirements, which is held by the same Prime Contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the Contracting Officer may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(End of clause)

52.222-8 Payrolls and Basic Records.

As prescribed in [22.407\(a\)](#), insert the following clause:

PAYROLLS AND BASIC RECORDS (MAY 2014)

(a) Payrolls and basic records relating thereto shall be maintained by the Contractor during the course of the work and preserved for a period of 3 years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in [40 U.S.C. 3141\(2\)\(B\)](#) (Construction Wage Rate Requirement statute)), daily and weekly number of hours worked, deductions made, and actual wages paid. Whenever the Secretary of Labor has found, under paragraph (d) of the clause entitled Construction Wage Rate Requirements, that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in [40 U.S.C. 3141\(2\)\(B\)](#), the Contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(b)(1) The Contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Contracting Officer. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under paragraph (a) of this clause, except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional [Form WH-347](#) is available for this purpose and may be obtained from the U.S. Department of Labor Wage and Hour Division website at <http://www.dol.gov/whd/forms/wh347.pdf>. The Prime Contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the Contracting Officer, the Contractor, or the Wage and Hour Division

of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a Prime Contractor to require a subcontractor to provide addresses and social security numbers to the Prime Contractor for its own records, without weekly submission to the Contracting Officer.

(2) Each payroll submitted shall be accompanied by a “Statement of Compliance,” signed by the Contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify—

(i) That the payroll for the payroll period contains the information required to be maintained under paragraph (a) of this clause and that such information is correct and complete;

(ii) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in the Regulations, 29 CFR Part 3; and

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(3) The weekly submission of a properly executed certification set forth on the reverse side of Optional [Form WH-347](#) shall satisfy the requirement for submission of the “Statement of Compliance” required by paragraph (b)(2) of this clause.

(4) The falsification of any of the certifications in this clause may subject the Contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 3729 of Title 31 of the United States Code.

(c) The Contractor or subcontractor shall make the records required under paragraph (a) of this clause available for inspection, copying, or transcription by the Contracting Officer or authorized representatives of the Contracting Officer or the Department of Labor. The Contractor or subcontractor shall permit the Contracting Officer or representatives of the Contracting Officer or the Department of Labor to interview employees during working hours on the job. If the Contractor or subcontractor fails to submit required records or to make them available, the Contracting Officer may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(End of clause)

52.222-9 Apprentices and Trainees.

As prescribed in [22.407\(a\)](#), insert the following clause:

APPRENTICES AND TRAINEES (JULY 2005)

(a) Apprentices.

(1) An apprentice will be permitted to work at less than the predetermined rate for the work performed when employed—

(i) Pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer, and Labor Services (OATELS) or with a State Apprenticeship Agency recognized by the OATELS; or

(ii) In the first 90 days of probationary employment as an apprentice in such an apprenticeship program, even though not individually registered in the program, if certified by the OATELS or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice.

(2) The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the Contractor as to the entire work force under the registered program.

(3) Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in paragraph (a)(1) of this clause, shall be paid not less than the applicable wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed.

(4) Where a Contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman’s hourly rate) specified in the Contractor’s or subcontractor’s registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice’s level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination.

(5) Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination.

(6) In the event OATELS, or a State Apprenticeship Agency recognized by OATELS, withdraws approval of an apprenticeship program, the Contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(b) Trainees.

(1) Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer, and Labor Services (OATELS). The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by OATELS.

(2) Every trainee must be paid at not less than the rate specified in the approved program for the trainee’s level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed in the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate in the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the OATELS shall be paid not less than the applicable wage rate in the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate in the wage determination for the work actually performed.

(3) In the event OATELS withdraws approval of a training program, the Contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(c) Equal employment opportunity. The utilization of apprentices, trainees, and journeymen under this clause shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

(End of clause)

52.222-10 Compliance with Copeland Act Requirements.

As prescribed in [22.407](#)(a), insert the following clause:

COMPLIANCE WITH COPELAND ACT REQUIREMENTS (FEB 1988)

The Contractor shall comply with the requirements of 29 CFR Part 3, which are hereby incorporated by reference in this contract.

(End of clause)

52.222-11 Subcontracts (Labor Standards).

As prescribed in [22.407](#)(a), insert the following clause:

(c) The offeror, upon request by the Contracting Officer, shall submit and negotiate a subcontracting plan, where applicable, that separately addresses subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business concerns, small disadvantaged business, and women-owned small business concerns. If the offeror is submitting an individual contract plan, the plan must separately address subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The plan shall be included in and made a part of the resultant contract. The subcontracting plan shall be negotiated within the time specified by the Contracting Officer. Failure to submit and negotiate the subcontracting plan shall make the offeror ineligible for award of a contract.

(d) The offeror’s subcontracting plan shall include the following:

(1) Goals, expressed in terms of percentages of total planned subcontracting dollars, for the use of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns as subcontractors. (A) In most cases, the appropriate Contractor is the Contractor that awarded the subcontract to the ANC or Indian tribe.

(B) If the ANC or Indian tribe designates more than one Contractor to count the subcontract toward its goals, the ANC or Indian tribe shall designate only a portion of the total subcontract award to each Contractor. The sum of the amounts designated to various Contractors cannot exceed the total value of the subcontract.

(C) The ANC or Indian tribe shall give a copy of the written designation to the Contracting Officer, the prime Contractor, and the subcontractors in between the prime Contractor and the ANC or Indian tribe within 30 days of the date of the subcontract award.

(D) If the Contracting Officer does not receive a copy of the ANC’s or the Indian tribe’s written designation within 30 days of the subcontract award, the Contractor that awarded the subcontract to the ANC or Indian tribe will be considered the designated Contractor.

(2) A statement of—

(i) Total dollars planned to be subcontracted for an individual contract plan; or the offeror’s total projected sales, expressed in dollars, and the total value of projected subcontracts to support the sales for a commercial plan;

A firm may rely on the information contained in SAM as an accurate representation of a concern’s size and ownership characteristics for the purposes of maintaining a small, veteran-owned small, service-disabled veteran-owned small, HUBZone small, small disadvantaged, and women-

owned small business source list. Use of SAM as its source list does not relieve a firm of its responsibilities (e.g., outreach, assistance, counseling, or publicizing subcontracting opportunities) in this clause.

(6) A statement as to whether or not the offeror included indirect costs in establishing subcontracting goals, and a description of the method used to determine the proportionate share of indirect costs to be incurred with—

(10) Assurances that the offeror will—

- (i) Cooperate in any studies or surveys as may be required;
- (ii) Submit periodic reports so that the Government can determine the extent of compliance by the offeror with the subcontracting plan;
- (iii) Submit the Individual Subcontract Report (ISR) and/or the Summary Subcontract Report (SSR), in accordance with paragraph (1) of this clause using the Electronic Subcontracting Reporting System (eSRS) at <http://www.esrs.gov>. The reports shall provide information on subcontract awards to small business concerns (including ANCs and Indian tribes that are not small businesses), veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns (including ANCs and Indian tribes that have not been certified by the Small Business Administration as small disadvantaged businesses), women-owned small business concerns, and for NASA only, Historically Black Colleges and Universities and Minority Institutions. Reporting shall be in accordance with this clause, or as provided in agency regulations;
- (iv) Ensure that its subcontractors with subcontracting plans agree to submit the ISR and/or the SSR using eSRS;
- (v) Provide its prime contract number, its DUNS number, and the e-mail address of the offeror’s official responsible for acknowledging receipt of or rejecting the ISRs, to all first-tier subcontractors with subcontracting plans so they can enter this information into the eSRS when submitting their ISRs; and
- (vi) Require that each subcontractor with a subcontracting plan provide the prime contract number, its own DUNS number, and the e-mail address of the subcontractor’s official responsible for acknowledging receipt of or rejecting the ISRs, to its subcontractors with subcontracting plans.

(11) A description of the types of records that will be maintained concerning procedures that have been adopted to comply with the requirements and goals in the plan, including establishing source lists; and a description of the offeror’s efforts to locate small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns and award subcontracts to them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):

- (i) Source lists (e.g., SAM), guides, and other data that identify small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns.
- (ii) Organizations contacted in an attempt to locate sources that are small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, or women-owned small business concerns.
- (iii) Records on each subcontract solicitation resulting in an award of more than \$150,000, indicating—
 - (A) Whether small business concerns were solicited and, if not, why not;

- (iv) Records of any outreach efforts to contact—
 - (A) Trade associations;
 - (B) Business development organizations;
 - (C) Conferences and trade fairs to locate small, HUBZone small, small disadvantaged, and women-owned small business sources; and
 - (D) Veterans service organizations.

(v) Records of internal guidance and encouragement provided to buyers through—

(A) Workshops, seminars, training, etc.; and

(B) Monitoring performance to evaluate compliance with the program’s requirements.

(vi) On a contract-by-contract basis, records to support award data submitted by the offeror to the Government, including the name, address, and business size of each subcontractor. Contractors having commercial plans need not comply with this requirement.

(e) In order to effectively implement this plan to the extent consistent with efficient contract performance, the Contractor shall perform the following functions:

(1) Assist small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns by arranging solicitations, time for the preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns. Where the Contractor’s lists of potential small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business subcontractors are excessively long, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a period of time.

(2) Provide adequate and timely consideration of the potentialities of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns in all “make-or-buy” decisions.

(3) Counsel and discuss subcontracting opportunities with representatives of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business firms.

(4) Confirm that a subcontractor representing itself as a HUBZone small business concern is identified as a certified HUBZone small business concern by accessing the SAM database or by contacting SBA.

(5) Provide notice to subcontractors concerning penalties and remedies for misrepresentations of business status as small, veteran-owned small business, HUBZone small, small disadvantaged, or women-owned small business for the purpose of obtaining a subcontract that is to be included as part or all of a goal contained in the Contractor’s subcontracting plan.

(6) For all competitive subcontracts over the simplified acquisition threshold in which a small business concern received a small business preference, upon determination of the successful subcontract offeror, the Contractor must inform each unsuccessful small business subcontract offeror in writing of the name and location of the apparent successful offeror prior to award of the contract.

(f) A master plan on a plant or division-wide basis that contains all the elements required by paragraph (d) of this clause, except goals, may be incorporated by reference as a part of the subcontracting plan required of the offeror by this clause; provided—

(1) The master plan has been approved;

(2) The offeror ensures that the master plan is updated as necessary and provides copies of the approved master plan, including evidence of its approval, to the Contracting Officer; and

(3) Goals and any deviations from the master plan deemed necessary by the Contracting Officer to satisfy the requirements of this contract are set forth in the individual subcontracting plan.

(g) A commercial plan is the preferred type of subcontracting plan for contractors furnishing commercial items. The commercial plan shall relate to the offeror’s planned subcontracting generally, for both commercial and Government business, rather than solely to the Government contract. Once the Contractor’s commercial plan has been approved, the Government will not require another subcontracting plan from the same Contractor while the plan remains in effect, as long as the product or service being provided by the Contractor continues to meet the definition of a commercial item. A Contractor with a commercial plan shall comply with the reporting requirements stated in paragraph (d)(10) of this clause by submitting one SSR in eSRS for all contracts covered by its commercial plan. This report shall be acknowledged or rejected in eSRS by the Contracting Officer who approved the plan. This report shall be submitted within 30 days after the end of the Government’s fiscal year.

(h) Prior compliance of the offeror with other such subcontracting plans under previous contracts will be considered by the Contracting Officer in determining the responsibility of the offeror for award of the contract.

(i) A contract may have no more than one plan. When a modification meets the criteria in [19.702](#) for a plan, or an option is exercised, the goals associated with the modification or option shall be added to those in the existing subcontract plan.

(j) Subcontracting plans are not required from subcontractors when the prime contract contains the clause at [52.212-5](#), Contract Terms and Conditions Required to Implement Statutes or Executive Orders—Commercial Items, or when the subcontractor provides a commercial item subject to the clause at [52.244-6](#), Subcontracts for Commercial Items, under a prime contract.

(k) The failure of the Contractor or subcontractor to comply in good faith with—

(1) The clause of this contract entitled “Utilization Of Small Business Concerns;” or

(2) An approved plan required by this clause, shall be a material breach of the contract.

(l) The Contractor shall submit ISRs and SSRs using the web-based eSRS at <http://www.esrs.gov>. Purchases from a corporation, company, or subdivision that is an affiliate of the prime Contractor or subcontractor are not included in these reports. Subcontract award data reported by prime Contractors and subcontractors shall be limited to awards made to their immediate next-tier subcontractors. Credit cannot be taken for awards made to lower tier subcontractors, unless the Contractor or subcontractor has been designated to receive a small business or small disadvantaged business credit from an ANC or Indian Tribe. Only subcontracts involving performance in the United States or its outlying areas should be included in these reports with the exception of subcontracts under a contract awarded by the State Department or any other agency that has statutory or regulatory authority to require subcontracting plans for subcontracts performed outside the United States and its outlying areas.

(1) ISR. This report is not required for commercial plans. The report is required for each contract containing an individual subcontract plan.

(i) The report shall be submitted semi-annually during contract performance for the periods ending March 31 and September 30. A report is also required for each contract within 30 days of contract completion. Reports are due 30 days after the close of each reporting period, unless otherwise directed by the Contracting Officer. Reports are required when due, regardless of whether there has been any subcontracting activity since the inception of the contract or the previous reporting period.

(ii) When a subcontracting plan contains separate goals for the basic contract and each option, as prescribed by FAR 19.704(c), the dollar goal inserted on this report shall be the sum of the base period through the current option; for example, for a report submitted after the second option is exercised, the dollar goal would be the sum of the goals for the basic contract, the first option, and the second option.

(iii) The authority to acknowledge receipt or reject the ISR resides—

(A) In the case of the prime Contractor, with the Contracting Officer; and

(B) In the case of a subcontract with a subcontracting plan, with the entity that awarded the subcontract.

(2) SSR.

(i) Reports submitted under individual contract plans—

(A) This report encompasses all subcontracting under prime contracts and subcontracts with the awarding agency, regardless of the dollar value of the subcontracts.

(B) The report may be submitted on a corporate, company or subdivision (e.g. plant or division operating as a separate profit center) basis, unless otherwise directed by the agency.

(C) If a prime Contractor and/or subcontractor is performing work for more than one executive agency, a separate report shall be submitted to each executive agency covering only that agency's contracts, provided at least one of that agency's contracts is over \$700,000 (over \$1.5 million for construction of a public facility) and contains a subcontracting plan. For DoD, a consolidated report shall be submitted for all contracts awarded by military departments/agencies and/or subcontracts awarded by DoD prime Contractors. However, for construction and related maintenance and repair, a separate report shall be submitted for each DoD component.

(D) For DoD and NASA, the report shall be submitted semi-annually for the six months ending March 31 and the twelve months ending September 30. For civilian agencies, except NASA, it shall be submitted annually for the twelve month period ending September 30. Reports are due 30 days after the close of each reporting period.

(E) Subcontract awards that are related to work for more than one executive agency shall be appropriately allocated.

(F) The authority to acknowledge or reject SSRs in eSRS, including SSRs submitted by subcontractors with subcontracting plans, resides with the Government agency awarding the prime contracts unless stated otherwise in the contract.

(ii) Reports submitted under a commercial plan—

(A) The report shall include all subcontract awards under the commercial plan in effect during the Government's fiscal year.

(B) The report shall be submitted annually, within thirty days after the end of the Government's fiscal year.

(C) If a Contractor has a commercial plan and is performing work for more than one executive agency, the Contractor shall specify the percentage of dollars attributable to each agency from which contracts for commercial items were received.

(D) The authority to acknowledge or reject SSRs for commercial plans resides with the Contracting Officer who approved the commercial plan.

(End of clause)

Failure to complete and submit the "Individual Subcontracting report" and the Summary Subcontract report" in accordance with FAR 19.704(a)(10)(iii) and (iv) and FAR 52.219-9 using the web based Electronic Subcontracting Reporting System could result in liquidated damages or other penalties, including material breach of contract and termination for default.

FAR 52.219-16 - Liquidated Damages - Subcontracting Plan (Jan 1999)

(a) "Failure to make a good faith effort to comply with the subcontracting plan", as used in this clause, means a willful or intentional failure to perform in accordance with the requirements of the subcontracting plan approved under the clause in this contract entitled "Small Business Subcontracting Plan," or willful or intentional action to frustrate the plan.

(b) Performance shall be measured by applying the percentage goals to the total actual subcontracting dollars or, if a commercial plan is involved, to the pro rata share of actual subcontracting dollars attributable to Government contracts covered by the commercial plan. If, at contract completion, or in the case of a commercial plan, at the close of the fiscal year for which the plan is applicable, the Contractor has failed to meet its subcontracting goals and the Contracting Officer decides in accordance with paragraph (c) of this clause that the Contractor failed to make a good faith effort to comply with its subcontracting plan, established in accordance with the clause in this contract entitled "Small Business Subcontracting Plan," the Contractor shall pay the Government liquidated damages in an amount stated. The amount of probable damages attributable to the Contractor's failure to comply, shall be an amount equal to the actual dollar amount by which the Contractor failed to achieve each subcontract goal.

(c) Before the Contracting Officer makes a final decision that the Contractor has failed to make such good faith effort, the Contracting Officer shall give the Contractor written notice specifying the failure and permitting the Contractor to demonstrate what good faith efforts have been made and to discuss the matter. Failure to respond to the notice may be taken as an admission that no valid explanation exists. If, after consideration of all the pertinent data, the Contracting Officer finds that the Contractor failed to make a good faith effort to comply with the subcontracting plan, the Contracting Officer shall issue a final decision to that effect and require that the Contractor pay the Government liquidated damages as provided in paragraph (b) of this clause.

(d) With respect to commercial plans; the Contracting Officer who approved the plan will perform the functions of the Contracting Officer under this clause on behalf of all agencies with contracts covered by that commercial plan.

(e) The Contractor shall have the right of appeal, under the clause in this contract entitled, Disputes, from any final decision of the Contracting Officer.

(f) Liquidated damages shall be in addition to any other remedies that the Government may have.

The Contractor may elect to verify all existing employees hired after November 6, 1986 (after November 27, 2009, in the Commonwealth of the Northern Mariana Islands), rather than just those employees assigned to the contract.
